100 Per Cent a Year for 20 Years to Cow Owners
That's the marvelously good investment that more than ONE MILLION satisfied USERS ARE FINDING THE

DeLaval Cream Separator
With three or more cows a DE LAVAL separator saves its cost the first year, in more and better product, and it may be depended upon to go on doing so for twenty years, and there are already thousands of instances to prove. There's half this much saving in the use of a DE LAVAL over inferior separators, while other separators last but from two months to five years instead of twenty years. They lose what might be saved while they do last. That's the whole separating story in a "nut shell" and the reason for the now nearly universal sale of DE LAVAL separators. A DE LAVAL catalogue may be had for the asking at the **Enterprise Creamery** DE LAVAL Co. Enterprise, Oregon AGENTS
